for the latest information 24/7

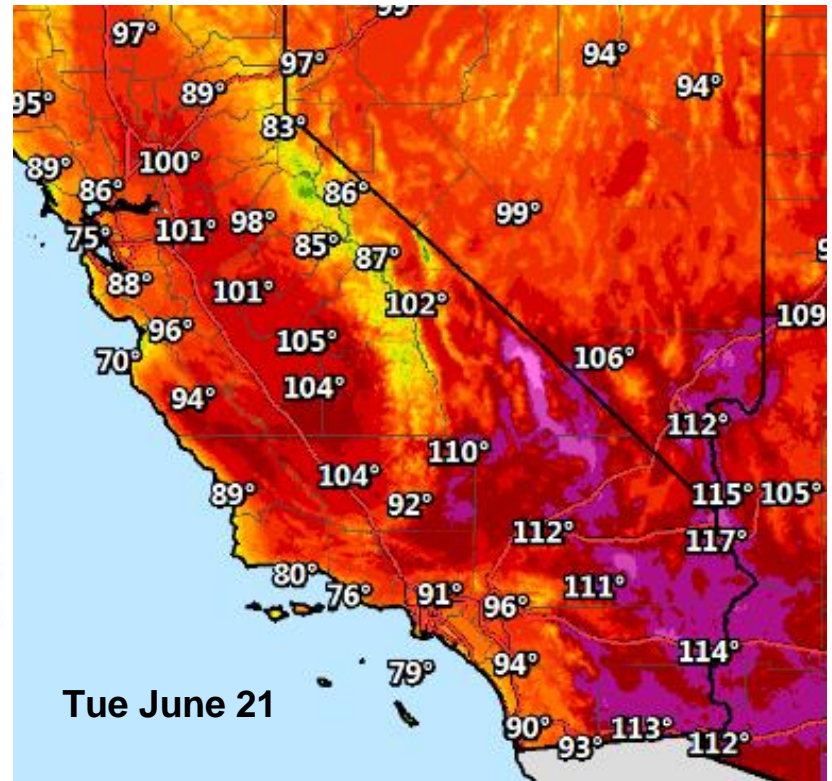

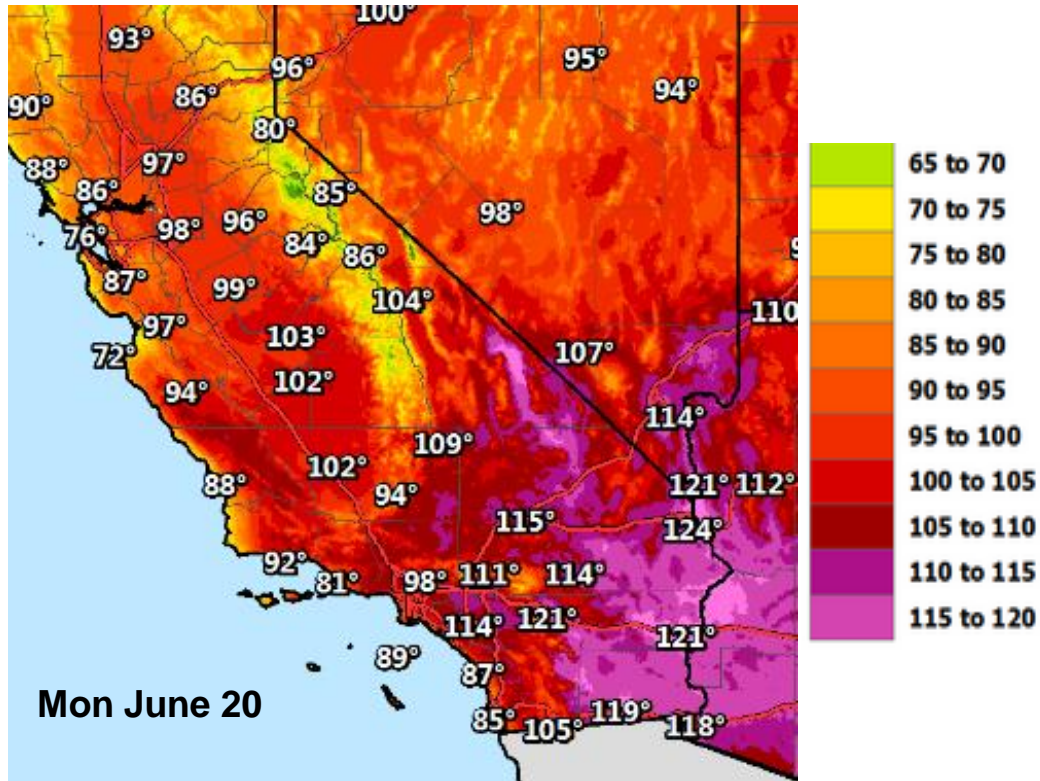

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

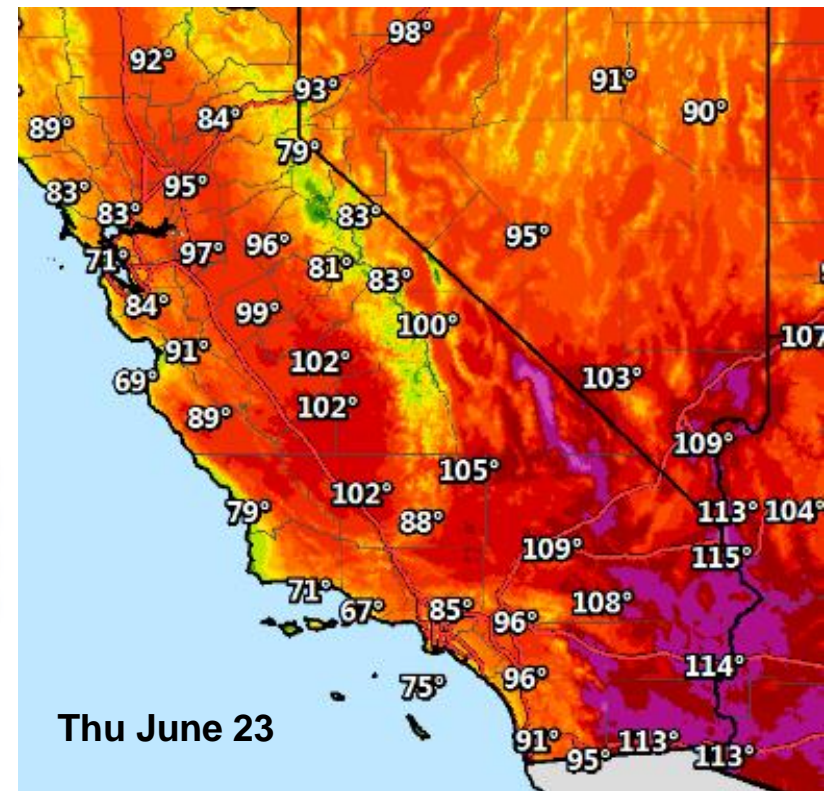

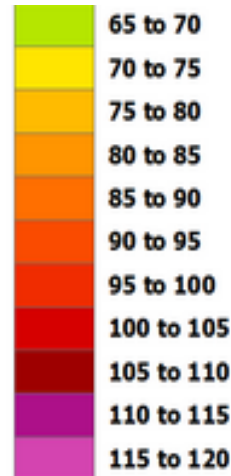

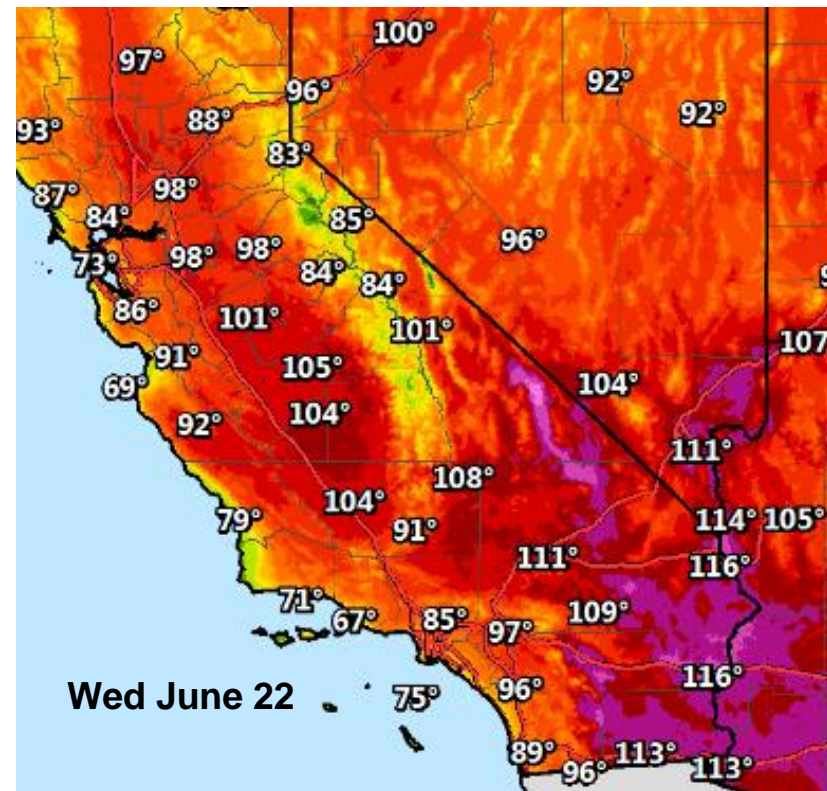

Executive Overview

- **Dangerous heat continues through Wednesday over much of Southern CA (coastal areas an exception)**
- **Sundowner North-Northeast winds through Tuesday will keep critical fire weather conditions over Sherpa Fire**
- **Warmest temperatures will be Monday with highs 15-20 degrees above normal**
- **Heat of this magnitude will impact all populations if precautions are not taken**
- **Slight cool down Tuesday through the rest of the week but temperatures will continue to be hot**

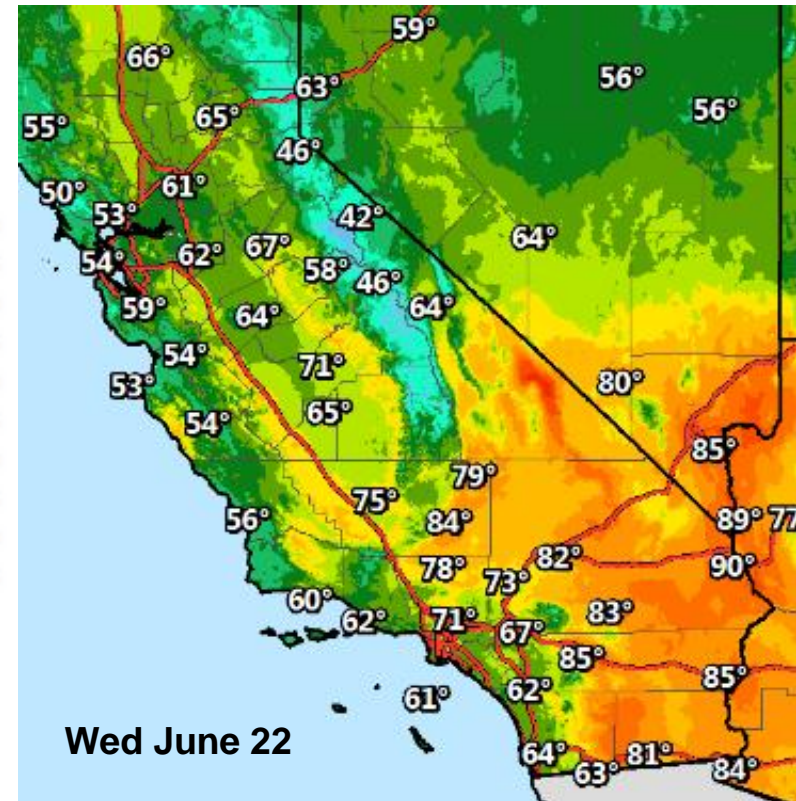

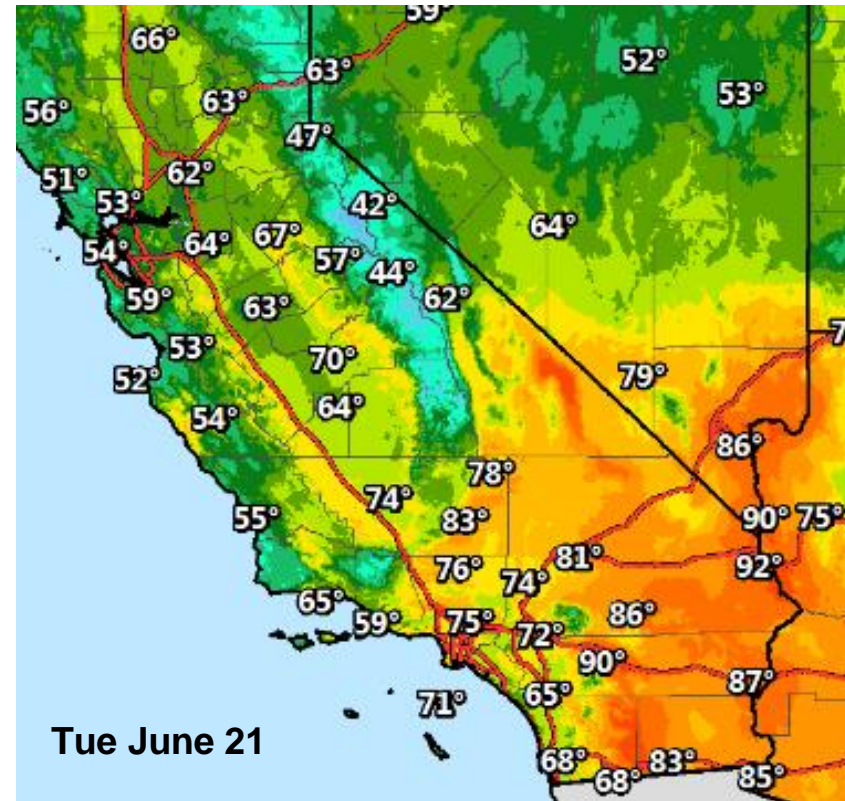

High Temperature Forecast

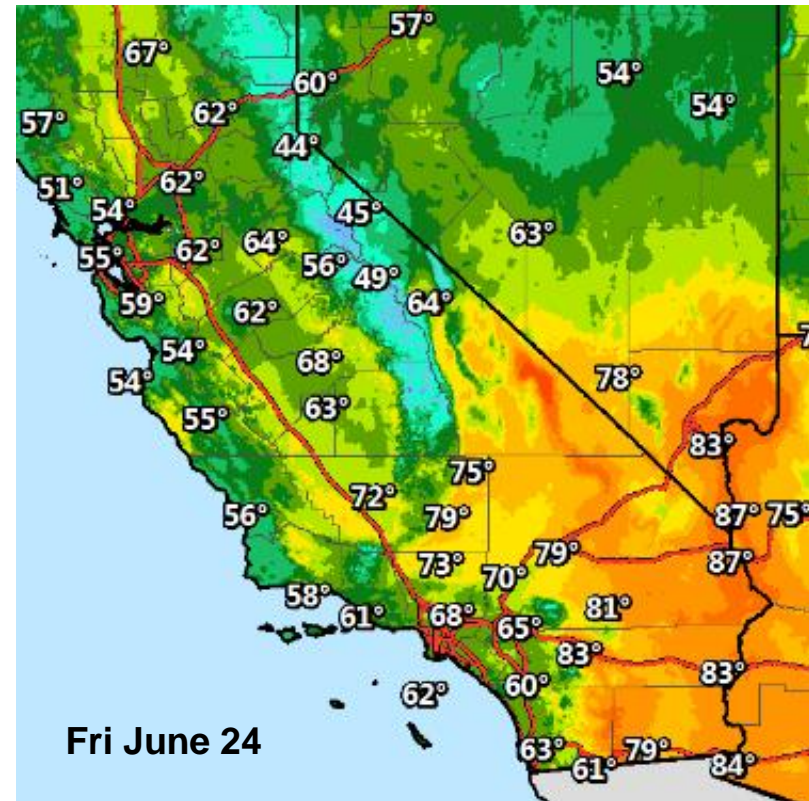

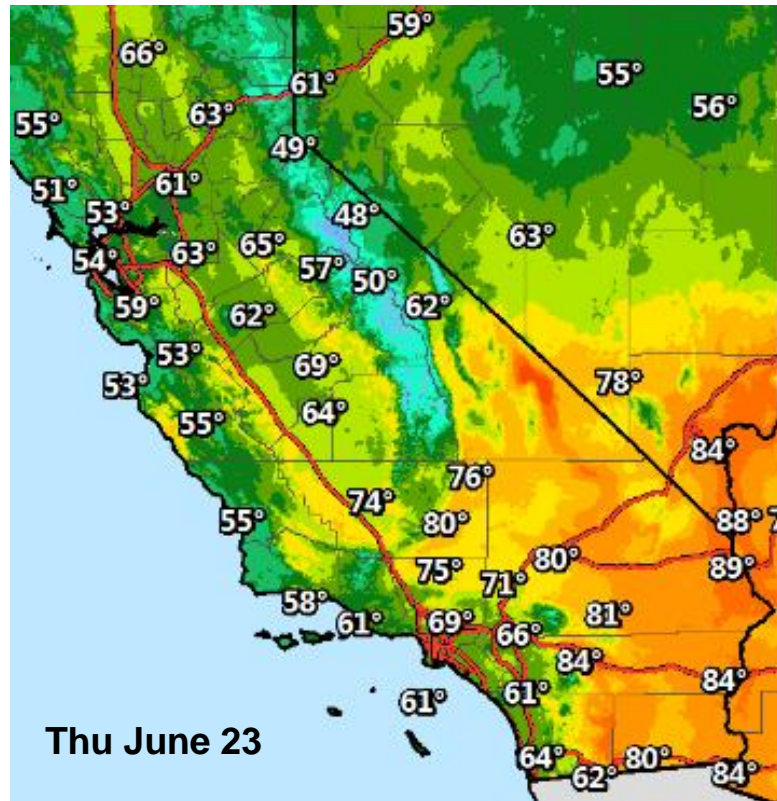

High Temperature Forecast

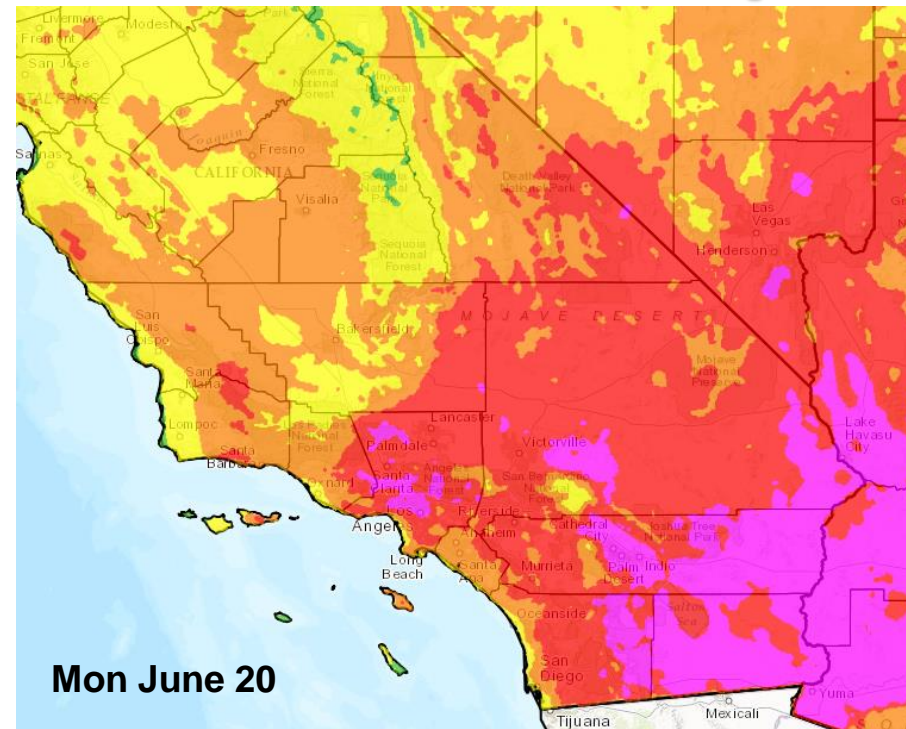

Low Temperature Forecast

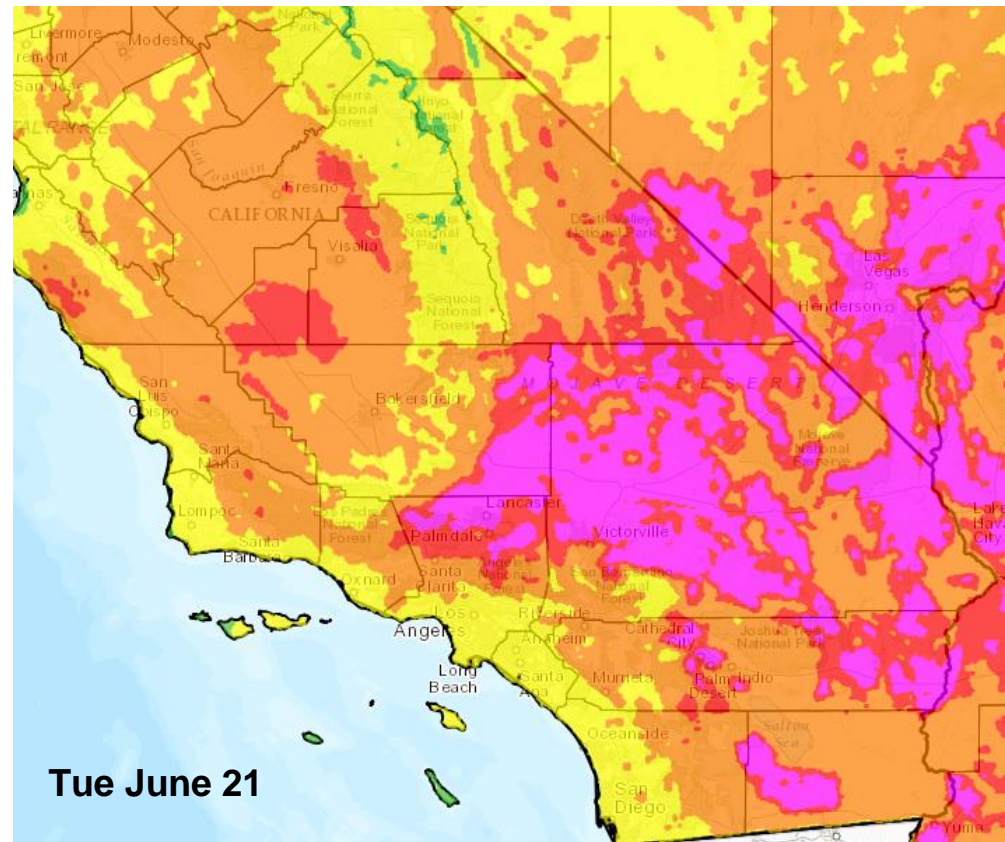

Low Temperature Forecast

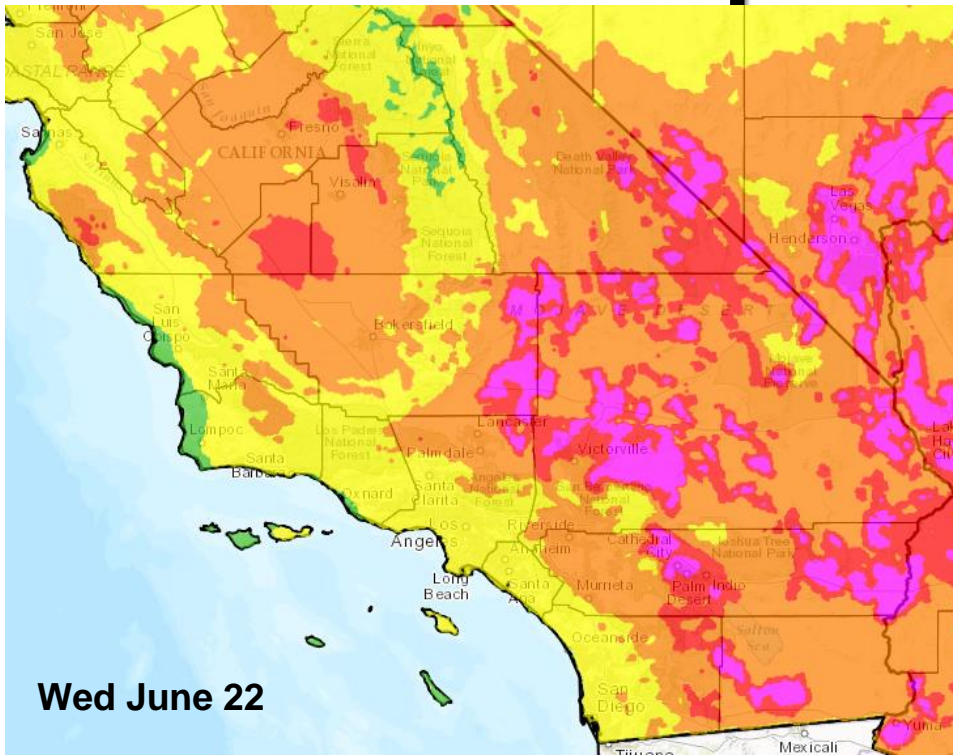

Heat Impacts Forecast

Category	Level	Meaning
Green	0	No Elevated Risk
Yellow	1	Low Risk for those extremely sensitive to heat
Orange	2	Moderate Risk for those who are sensitive to heat
Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling
Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight
